## A Randomised Controlled Trial of sildenafil therapy In Dismal Prognosis Early-Onset Intrauterine Growth Restriction

EudraCT: 2013-005398-32 ISRCTN: 39133303

UKCRN:16986

Chief Investigator: Professor Z Alfrevic

Dear all

Seasons greetings

We are very pleased to welcome Birmingham Heartlands as our third unit to open for STRIDER with North Staffordshire due to open very soon as well. We are also expecting to open several more units in January and hope to have you all open by the end of February 2015.

Recruitment to STRIDER has been steady with 3 women now enrolled between the 2 sites already opened. Of great interest is that we have so far managed to recruit 100% of suitable women. Clearly this is a great start but we have a long way to go and need your help to make this a success. Also I would remind you all to engage with your referring centres to increase the chance of getting suitable women at appropriate time points.

We hope you all have a pleasant Christmas and New Year and we make 2015 a successful year for STRIDER

Thank you  
The STRIDER team

**STRIDER Team:**

Name	Role	Email address	Telephone/Mobile number
Professor Zarko Alfirovic 	Chief Investigator	zarko@liverpool.ac.uk	Tel: 0151 795 9553 Mobile: 07812238459
